

YOUR SOURCE FOR END-TO-END FLUID-HANDLING SOLUTIONS

WHAT WE DO:

- Solve difficult fluid-handling challenges
- Prevent fluid-handling systems from creating a safety hazard
- Simplify system operation and maintenance
- Increase the efficiency of fluid-handling operations
- Nimble respond to all after-sale needs through the industry's best customer-support system

THE OPW DIFFERENCE:

- The only company with local factory support that combines with more than 100 years of field experience, which helps ensure the **best outcome**
- The only company with in-house machining, welding, X-ray, assembly, testing and packaging capabilities, with all components and systems proudly made in Lebanon, OH, USA!
- The only company that will never walk away until all expectations are met or exceeded – this is the guaranteed **OPW Promise!**
- A company with professional, knowledgeable and well-trained channel partners whose customers don't leave—and the very few that do, always come back
