

PULSER WARRANTY REGISTRATION/INSTALLATION REPORT

OPW Fuel Management Systems pulsers carry a one-year warranty if sold as new. Warranty replacement pulsers carry a warranty of 90 days or the remaining balance of the original warranty; whichever is greater.

The warranty coverage starts from the shipping date or the installation date. To ensure you receive the maximum warranty coverage possible, please complete and return this Warranty Registration/ Installation Report.

Fax or mail this form to **OPW Fuel Management Systems:**

Fax Number: 708-485-4630

**OPW Fuel Management Systems
6900 Santa Fe Drive
Hodgkins, IL 60525**

Failure to return this form to OPW Fuel Management Systems will result in the part ship date being used as the install date for warranty purposes.
