

# IP Authorization Gateway

## Faster Authorizations Enhance Customer Experience

When paired with the FSC3000™ Fuel Site Controller, achieves secure, high-speed credit card authorizations and supports both inbound and outbound communications.

### IP Authorization Gateway

When used with the FSC3000™ Fuel Site Controller, OPW's IP Authorization Gateway enables the FSC3000™ to securely connect to the Internet for faster transaction authorization (100 Mbps via IP networks vs. 24 Kbps over dial-up phone line).

### Applications

- ◆ Creates a secure outbound IP connection for fleet and credit card authorizations and allows inbound communications to the fuel control system
- ◆ Interfaces with payment processors such as Buypass, NBS and Paymentech and/or fleet card networks to accept a wide range of cards including Bank Cards, CFN, TCH, Fuelman®/ GASCARD, Comdata, Fleet One®, WEX®, T-Chek™, EFS and Pacific Pride
- ◆ 3G cellular options enable one-way inbound or outbound communications

#### FAST

Uses a high-speed Internet connection instead of a slower dial-up phone line to authorize card transactions

#### SECURE

PCI compliance ensures cardholder data security by restricting user access to sensitive data

#### SAVINGS

IP Authorization Gateways reduce costs by eliminating a phone line

#### CONVENIENCE

IP Gateway ships pre-configured for Plug & Play installation

# IP Authorization Gateway

## Converts FSC3000™ to High-Speed For Inbound and Outbound Communications

The IP Authorization Gateway interfaces with payment processors such as Buypass, NBS and Paymentech and/or fleet card networks to accept a wide range of cards including:

- Bank Cards
- Fleet One®
- CFN
- WEX®
- TCH
- T-Chek™
- Fuelman®/GASCARD
- EFS
- Comdata
- Pacific Pride

(See supported networks below)

### IP Authorization Gateway Features

- Faster card authorization transaction times
- Ships pre-configured for Plug & Play installation
- PCI Compliance ensures cardholder data security
- Dial-up back-up port activates automatically for uninterrupted processing
- Reliable IP connection eliminates dropped calls, ghosting and lost authorizations
- Saves money by eliminating a phone line
- Longest warranty in the industry – 5 years offered by Abierto Networks (includes 12-month warranty offered by OPW after installation)
- Tested and approved for use with the OPW Petro Vend FSC3000™ and System2® Fuel Site Controller (Please note: System2® is not PCI Compliant)
- 3G cellular options available for wireless cellular coverage for one-way communications only – inbound or outbound

### FSC3000™ Features

- Stores transaction data and vehicle records, including fueling restriction data
- Stores thousands of proprietary cards and transactions, so even the largest operations have room to expand
- Programming is done right from a PC and simple menu choices guide users through setup and daily operations
- Software is compliant with Visa U.S.A. Payment Application Best Practices (PABP)/ Payment Card Industry Payment Application Data Security Standard (PCI PA-DSS) guidelines by restricting user access to sensitive cardholder data

- Allows for mobile broadband Internet connections

### What is PCI Compliance?

Six leading members of the Payment Card Industry created a joint venture in 2006 to develop, manage and make users aware of security standards aimed at merchants and organizations that store, process or transmit cardholder data as part of payment authorization or settlement when these applications are sold, distributed or licensed to third parties.

Part No.	Connection	Supported Networks
20-6000	Wired	CFN, T-Chek, TCH, EFS, Paymentech fleet
20-6005	AT&T Cellular	CFN, T-Chek, TCH, EFS, Paymentech fleet
20-6014	Verizon Cellular	CFN, T-Chek, TCH, EFS, Paymentech fleet
20-6013	Wired	NBS, Fleet One, Comdata, CFN, TCH, T-Chek, EFS, Paymentech, Pacific Pride
20-6015	AT&T Cellular	NBS, Fleet One, Comdata, CFN, TCH, T-Chek, EFS, Paymentech, Pacific Pride
20-6016	Verizon Cellular	NBS, Fleet One, Comdata, CFN, TCH, T-Chek, EFS, Paymentech, Pacific Pride
20-6003	Wired	Buypass, CFN, TCH, T-Chek, EFS, Paymentech
20-6008	AT&T Cellular	Buypass, CFN, TCH, T-Chek, EFS, Paymentech
20-6017	Verizon Cellular	Buypass, CFN, TCH, T-Chek, EFS, Paymentech
20-6012	Wired	IP CONVERTER - IOL
20-6009	AT&T Cellular	INBOUND ONLY
20-6010	Verizon Cellular	INBOUND ONLY
