# Latched Fiberglass Tank Sump Lid

You spoke  
and we listened!

*In an effort to provide you with the most up to date product line possible, OPW is proud to release a new specifically designed latched Fiberglass Tank Sump Lid.*

**NEW!**

Product #	Description
CLC-33	Latched Fiberglass Tank Sump Lid

This lid is available to replace the “Mechanically Fastened” lids with knobs on retrofit applications. Our new latched Tank Sump Cover Lid includes:

- ◆ Six latch and cover design to ensure even sealing
- ◆ Holes in the lid to allow installation on 33" Fiberglass or Polyethylene Tanks Sumps
- ◆ Handles on the lid to allow for easy carrying
- ◆ Lid strength is three times stronger than our previous lid
- ◆ Retrofittable to existing OPW Polyethylene and Fiberglass Tank Sumps that have the Mechanically Fastened Lid.
