

Gazprom, Romania

Fibrelite Supply Tank Sumps and Manhole Covers to NIS Gazprom Neft in Romania

Grand opening of NIS Gazprom Neft's new Petrol station in Romania

Fibrelite's lightweight, watertight manhole covers and tank sumps have been specified by Gazprom in Romania

Gazprom have specified Fibrelite's fully conductive 1.6m dia chambers (S16) to facilitate easy maintenance post installation

Highly Effective in Preventing Water Ingress

Many areas have persistently high water tables and Fibrelite's vacuum testable tank sumps have proved highly effective in preventing water ingress and subsequent damage to tank top equipment and possible water contamination to the fuel.

Long Working Life - Tried and Tested Reliable Performance

Fibrelite's wide range of dispenser sumps offer a great alternative to polyethylene sumps. The strong rigid structure will not deflect under groundwater pressure. The simple two piece design provides a large working space to install pipework inside the sump, before the top section is installed.

Fibrelite's FL100/CD cover. The central dip cover makes it easy to access the riser without having to remove the whole cover

Industry Leading Composite Covers

Fibrelite's industry leading 25 and 40 tonne rated covers are used on fuel stations all over the world in the toughest of conditions. Watertight and easily removable - they are the preferred choice of oil companies worldwide and are supplied with a 15 year warranty against structural failure from date of installation*.

The GRP chambers are fully adjustable to accommodate shallow tank burial depths

Fibrelite's tank sump with central dip internal lid

With a global reputation for high quality products and superior after sales support, Fibrelite supply to over 70 countries worldwide and consistently produce products that can deliver in the toughest on-site conditions.

(* Problems caused by faulty installation are not covered by this warranty. This warranty applies only if parts have been installed in accordance with Fibrelite installation and operating instructions.)
