COMPONENT SELECTION GUIDE

Mechanical and Electrical components for fuel oil applications – Gasoline, Diesel, Bio-Diesel, Ethanol

A Petroleum Manholes

- ☐ 16" Offset Fill Cover (Aluminum)
- ☐ 16" Offset Fill Cover (SSVN Series)
- ☐ 16" Centered Fill Cover (SSTN Series)
- ☐ 20" Offset Fill Cover (SSWN Series)
- ☐ 20" Centered Fill Cover (SSUN Series)

B Vapor Vents

- ☐ 3-Inch Threaded Hood (Part No.: T196SV)
(for 16-inch Manholes)
- ☐ 4-Inch Threaded Hood (Part No.: T195SV)
(for 20-inch Manholes)

Fits over bolted vent mounting pattern too!

C Vapor Recovery Adaptors and Air Interlock Valves

- ☐ 4-Inch Threaded with Poppet & no Sight Glass (Part # 611T)
- ☐ 4-Inch Threaded no Poppet & no Sight Glass (Part # 610T)
- ☐ 4-Inch Flanged Style with Poppet & with Sight Glass (Part # 611FB)
- ☐ 4-Inch Flanged no Poppet & no Sight Glass (Part # 610F)
- ☐ 4-Inch High Flow Flanged Style with Poppet & with Sight Glass (Part # 633LVB)
- ☐ Air Interlock with standard 1" round button (Part #300)
- ☐ Air Interlock with "duck-bill" foot

D Internal Valves

- ☐ 5 x 4 MaxAir II™ Series Emergency Valves
(standard wTef-Sil o-rings Viton options available contact factory)
 - ☐ Flanged: 90° (Part# VA6182)
 - ☐ Flanged: Straight (Part# VA8182)
 - ☐ Victaulic: 90° (Part# VA5182)
 - ☐ Victaulic: Straight (Part# VA7182)
- ☐ 3-Inch Sequential Series Emergency Valves
 - ☐ Victaulic: 90°(Part# VA1050)
 - ☐ Victaulic: Tee (Part# VA3050)

E CivaControl

- ☐ SCP-____ Air Control Panel
(available in 1 through 8 compartment configurations)

F API Bottom-Loading Adaptors, Dust Caps, and Gravity Couplers

- ☐ Openable, with bubble Sight Glass (Part # 891BA)
- ☐ Openable, no bubble Sight Glass (Part # 891A)
- ☐ Non-Openable, with bubble Sight Glass (Part # 891NB)
- ☐ Non-Openable, no bubble Sight Glass (Part # 891N)
- ☐ Pressure Tight Dust Cap w/ Single Cam (Part #: 875C)
- ☐ Dual Lever Cam & Groove Male Outlet Style
 - ☐ 4" (Part # 871A-AL40)
 - ☐ 3" (Part # 871A-AL4030)

G Overfill Detection System

- ☐ ROM III – 2-Wire Onboard Monitor System
 - ☐ with ROM-Link™ Style Plug-N-Load™ Wiring
 - ☐ with Retain Product (Bottom) Sensors
- ☐ Opti-Link Overfill Detection System (with no OBM)
- ☐ Dual Socket, Pre-wired (with both API 4 J-Slot & 3 J-Slot Faceplates)
- ☐ API Thermistor Standard Socket (with 4 J-Slots & Cap)
- ☐ API 5-Wire Optic Standard Socket (with 3 J-Slots & Cap)

NOTE: All of our Sockets include built-in Ground

Blue Diamond

INTEGRATED TANKER SOLUTIONS

Blue Diamond components are designed, engineered, built and backed by one manufacturer to work in unison with one another. No other system offers this peace-of-mind assurance. Best of all, it comes with a 5-year total system warranty covering manufacturer defects. Specify the world's most trusted, fully integrated bottom-loading system.

WITH BLUE DIAMOND YOU HAVE IT ALL

- Fully integrated systems designed to minimize downtime and maximize your return on investment
- Only Civacon's Blue Diamond single-source offering of tank components allows you to take advantage of our complete tanker system solutions.
- Compatible with diesel, biodiesel, gasoline, ethanol and methanol
- Faster unloading with high-flow flat bottom API & high-flow vapor valves
- Products feature standard Tef-O-Sil™ or Viton® GF seals for chemical compatibility

Don't risk the quality, integrity and support of your bottom loading system by piecing together a collection of components from separate manufacturers. In the end, it adds up to hassles, headaches, delays and a system that may not work together.
