

ARTWare Installation Instructions

Install ARTWare

To install ARTWare onto your computer:

- 1. Uninstall any older version of ARTWare
 - a. Before installing new ARTWare, if you have an older or previous version of ARTWare, make backup copies of any database files you need to keep.
 - b. Open the Windows Control Panel, Programs (or Programs and Features) and select Uninstall a Program.
 - c. Select ARTWare in the program list.
 - d. Click the Uninstall button and follow the instructions shown.

Organize 👻 Uninstall	
Name	Size
AKI ware	
🚔 ArtWare	33.7 MB
SAT&T Connect Participant Application v8.8	12.6 MB

- Unzip the ARTWareSetup.zip file to your desktop. You will see the files Register.bat and ARTWareSetup.exe along with a copy of this install document. Run these files as administrator in this order:
 - a. Run the batch file **Register.bat** as administrator. To run as administrator, right click the file and select Run as administrator.
 - b. When *Register.bat* is complete, run the file **ARTWareSetup.exe** and follow the onscreen instructions. To run as administrator, right click the file and select Run as administrator.

Set ARTWare to Run as Administrator

The following instructions are for setting the ARTWare application to run with administrator privileges on Windows 7, 8 and 10.

NOTE: To avoid confusion, screen captures for each version of Windows[®] are included since there are slight differences in appearance.

1. Open File Explorer and go to the folder:

C:\Program Files (x86)\OPW Fuel Management Systems\ARTWare

- 2. Locate the file **ARTWare.exe** and *right click* once on the file name.
- 3. Select **Properties** on the pop up menu.

Apply
