## 2019 OPW Price Increase

### Dear Valued Distributor:

As originally communicated on November 30, 2019, effective **January 1, 2019** OPW Retail Fueling will implement a price increase to partially recover ongoing increases in raw materials, transportation and other related cost pressures. At this time, Hanging Hardware (Nozzle, Swivel and Breakaway) prices will not be impacted by this increase, but all other products will have a blended 5% increase.

**Change Notice:** The OPW Free Freight allowance will be elevated to \$7,500 to offset rising transportation costs.

**Please click on the links below to download the new 2019 OPW Price Lists. NOTE: OPW has a unique discount plan for Clean Energy Products.**
