## OPW Entry Fitting Update

### Dear Valued Distributor:

As our product lines continue to evolve and improve, we seek to make refinements that will improve their function and provide a quick and easy solution to their need. The HEF and REF give two different installation methods to provide reliable entry into areas of containment. Now, we've made both product lines round-sump-friendly! The "Roundkit" accessories pair with our line of HEF and REF to adapt the same technology to round sumps. By creating this as a seal kit, warehouses and contractor trucks only need to stock the same entry fittings they always would, and now can simply add a kit for a round sump when the job necessitates it. Seals are designed for nominal 42" to 48" diameter round sumps.

**HEF-4015 + Roundkit-14** (left) and the Gaskets for the **Roundkit-24** (right)

Part number and pricing information can be found below. Continue using the same entry fitting part numbers you are used to using with the addition of the "Roundkit" shown in the right column.

Original Part #	Plus	Kit for Round Sumps
HEF-4015	+	ROUNDKIT-14
HEF-4020		
HEF-4175		
HEF-0150		
HEF-0200		
HEF-6030	+	ROUNDKIT-16
REF-4015	+	ROUNDKIT-24
REF-4020		

List Pricing	
ROUNDKIT-14	\$38.42
ROUNDKIT-16	\$117.61
ROUNDKIT-24	\$76.84

As always, we appreciate your continued support of OPW products. If you have any questions, feel free to contact your OPW District Manager or our Customer Service Department at 1-800-422-2525. If you would like more information about our complete product line, please visit our website at [www.opwretailfueling.com](http://www.opwretailfueling.com)

Best regards,

**Daniel Boyle**
