## OPW Obsolete Breakaways

**Dear Valued Distributor:**

In an effort to consolidate product lines, increase quality, simplify manufacturing, and bring added value to customers, OPW will discontinue the 66RB series breakaways. These breakaways will be replaced by the new and improved, easier-to-reconnect 1" 68EZR reconnectable breakaway at a lower selling price.

Current inventory of the 66RB can still be ordered, but once stock is depleted these models will no longer be available. So please take advantage while supplies last and place your final order of these products now.

Obsolete Part Number	Description	Replacement
