REVISED OPW Retail Fueling Freight Fees

Dear Valued Distributor:

Due to current capacity constraints in the shipping industry, all LTL Freight carriers have instituted a sizeable overlength freight increase policy for shipments containing any single product 8 feet in length or greater. Therefore, effective December 1, 2021, OPW will no longer offer free freight on Overfill Valves, Drop Tubes, Stick Pipe and Island Forms. Please see the details in the table below as well as the revised OPW Terms & Policies.

NOTE: The OPW 61SPVC pipe has been added to the overlength freight charges.

Freight Charges for 8 feet in length or greater

Ordering in larger bundles and consolidating via skid will reduce the overall cost of each part listed below.
