### Dear Valued Distributor:

The United States- Mexico-Canada Agreement will replace the current NAFTA agreement that governs trade in North America. The trade agreement has been negotiated by governments of the United States, Mexico and Canada and is now in effect. Each participating country has its own name.

In the United States – United States- Mexico-Canada Agreement (USMCA)

In Mexico – Tratado entre Mexico, Estados Unidos y Canada (T-MEC)

In Canada – Canada- United states – Mexico Agreement (CUSMA)

- Please [click here](#) to download the current list of approved OPW products.
- Unfortunately, there is no grace period for the transition away from NAFTA.
- OPW has been managing the USMCA transition since the details were released and will require additional time to ensure full compliance while completing our review.
- Our list of qualified goods will be updated as we are still receiving supporting documentation from our suppliers.
- The Program allows for claims to be made up to one year after the importation date.

As always, we appreciate your continued support of OPW products. If you have any questions, feel free to contact your OPW District Manager or our Customer Service Department at 1-800 422-2525.
