EXTREME COLD WEATHER APPROVED NOZZLE

OPW 11A® AND 11B® Automatic Nozzles

The OPW 11® Series automatic nozzles are OPW's premium conventional nozzles for safe retail and commercial petroleum filling. The OPW 11® Series is the most trusted conventional nozzle in the world for full-service use. The OPW 11B® Series is designed for use in retail and commercial filling applications including prepay, self and full service, credit/debit card readers or card-lock systems to help prevent gasoline spills. The OPW 11B® will not open until the pumping system is pressurized, and closes automatically when the pressure is removed.

OPW Factory-Assembled Hose Kits

Factory-assembled OPW Hose Kits include all components from the whip hose to the nozzle. Each connection is tested for pressure tightness and continuity. Customize your hose kits by choosing from a variety of nozzles, swivels, breakaways and hoses.
