

Bolt-Down Manhole Water-Shroud System Option

The Bolt-Down Multiport Water Shroud (MPWS-BD) is designed to mate with the OPW Multiport. The MPWS-BD isolates surface water and condensation from Tank Sumps.

Shroud boots isolate the spill-container buckets using stainless-steel band clamps, providing a tight seal between the water-shroud top hat and the underside of the spill-container-mounting ring. Bolts on the outer edge of the shroud cover secure it to the top hat. Available in 33" and 39" diameter covers.

New Ring and Cover Part Numbers

Rain-tight Covers	Rain-tight Cover Rings	Sealable Covers	Sealable Cover Rings
RTC-WHITE	RTR-WHITE	SC-WHITE	SCR-WHITE
RTC-RED	RTR-RED	SC-RED	SCR-RED
