

Specification Sheet

Product: OPW 269 Sanitary Tank Hatch

OPW 269 Sanitary Tank Hatch

The OPW 269 Sanitary Tank Hatch threads onto the fill pipe of an underground sanitary waste disposal tank. The 269 is foot-operated and quick-opening/closing for clean emptying of sanitary waste from RV's, campers and travel trailers.

The non-recessed design provides straight-through flow to eliminate entrapment of waste materials.

Body: Coated Ductile Iron

Cap: Cast Zinc
